

JOST Fifth Wheel Load Cell

For On-Board Weighing Applications

This load cell is designed to fit under JOST fifth wheel plates, replacing the standard riser. The load cells provide immediate weight information without adding substantially to the trailer height or the tractor weight.

JOST Fifth Wheel

Key Features:

- Made from high strength alloy steel
- Extremely accurate and reliable in the harshest environments
- Plated for increased rust protection
- Completely sealed internal electronics
- Bolt-on design for easy installation and maintenance
- Reliable, military style connector

5th wheel capacity: 50,000 LB vertical load
150,000 draw bar pull
